Happy Valentines Day

Let's start by saying how much we love teaching your children. They are all such sweethearts and are a joy to be around. We learn so much from them and love seeing their bright smiling faces when they come to dance. Teaching is one of the most rewarding jobs. Your children make our job even better!

Picture Day is April 20th and 21st. We will start passing out costumes shortly. If you need any tights, leos or shoes for your costume please order those asap so we can make sure we have those in before picture day. Your child's hair can be done however you would like. Your child does not need to come in stage make up, light make up is perfect. We will let you know the times when it gets closer but for now get the date on your calendar. Thanks!

Remember to check your emails often and check out our website for updated information.
